

INTERIOR JEWELRY, SINCE 1908

## UTAH

MICHAEL WAGNER COLLECTION

After 20 years at the head of Charles Paris, Michael Wagner was then able to give free rein to his creative urge and very naturally proposed to Charles the edition of his first models. At first, the Utah lamp, which - echoing our motto "Interior jewelery" - offers a variation of the jewel-lamp, a real treasure trove of Charles know-how.

Michael Wagner was inspired by the mysterious discovery of a metallic monolith in the Utah desert in 2020, which inevitably refers to Stanley Kubrick's film "2001, A Space Odyssey ».
